

Who?	Our Designated Safeguarding Leads	What do I do?
Safeguarding and promoting the welfare of children is everyone's responsibility.  No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.  All staff have a responsibility to provide a safe environment in which children can learn. When concerned about the welfare of a child, staff should always act in the best interests of the child.  If you have any concerns about a child or young person in our school, you must share this information immediately with our Designated Safeguarding Lead (DSL) or one of the alternate post holders. A copy of the form to complete is available from the School Office. Please ensure you complete all sections as described.
