Dear Parents and Carers,

16.6.23

Following several polite reminder messages to you all, we feel we must write this letter to bring to your attention more formally the importance of ensuring your children are being closely supervised at all times when on the school premises at the beginning and end of the school day.

Recently, we have seen children sustain injuries because they have not been supervised by their family adult. At our Junior school, young children are seen running up and down the steps, climbing tree stumps and clambering over the railings. At the Infant school, children are playing in and around the bins and sheds in the mornings, going on to the Reception outdoor equipment, despite the gates being shut or running off away from parents to play on the playground or field.

We do not wish to prevent children from being children, nor do we wish to wrap them up inside a protective bubble, but we must do all that we can to prevent avoidable accidents occurring, especially when they are still on school premises. All we ask is that you keep your children close by and safe.

Thank you for your continued support and understanding in this matter.

Yours sincerely,

Bradley Young
Headteacher
