

IMMERSIVE LEARNING CLASSROOM

ORMESBY VILLAGE INFANT AND JUNIOR SCHOOLS FEDERATION

The aim of the provision is to make learning a fun and enriching experience for pupils of all abilities across all key stages. A virtual environment develops young pupils' core skills and imagination by providing endless opportunities for exploration and interaction. By extending the learning beyond the classroom, immersive technology can raise pupils' understanding adding awe and wonder in the pursuit of knowledge. This is a multi-sensory space stimulating all through touch, smell and sound. The content is fully editable to whichever curriculum area is required either from an existing creation in the library or courtesy of a self-built model.

If you would like to visit with your school classes, please contact our school on (01493) 730944 or email via office@ormesbyjunior.norfolk.sch.uk to discuss this further.
